

# EAGLE OCEAN MARINE CIRCULAR

**MAY 26, 2023**

**TO ALL INSUREDS AND BROKERS**

**Dear Colleagues:**

## **LOADING OF PROJECT CARGOES**

Eagle Ocean Marine (EOM) has noted that on occasion Insureds are carrying project cargoes, either alone or together with other cargoes.

Project cargoes are dimensionally challenged, heavy, and complex pieces of equipment that are generally large, heavy-duty, and high value that require considerable planning and specialized transport equipment for lashing and securing. Such complex and high value cargoes should require a marine warranty survey (MWS) typically provided for under the terms of the charter party and normally the responsibility of the Charterers.

EOM recommends that Insureds take note of this information and be guided accordingly.

Yours faithfully,

Dorothea Ioannou, CEO  
Eagle Ocean Agencies, Inc.
